

Instructions for Using MATH X[™] to Review for STAAR

Access  MATH X[™] with the URL that you or your group were provided.

Login with a valid user name and password.

Reference the TEKS *Snapshot* document (www.lead4ward.com/resources) for your grade level to identify your Readiness Standards and Supporting Standards. *Keep in mind that Readiness Standards are your “power standards” and likely will have more weight on STAAR. If you are under time constraints, you may want to focus solely on the Readiness Standards during your review.*

Visit our website, www.umathx.com/videos.php, to view the *Navigation SE16* video if you are new to  MATH X[™].

Navigate to the TEKS lessons for the standard(s) you wish to target with your students using the TEKS Menu on the left.

Click on the Frameworks button within the selected TEKS to access corresponding Frameworks.

If you have any questions, please contact us at 1.866.429.6284. We hope you and your students enjoy using  MATH X[™] as you prepare for STAAR!
