

This is a list of words to be used along with Probability – Section 4: Binomial Probabilities. The words students input are the words that students need to input within the software, spelled correctly, to complete a section. These words could be reviewed before starting a section and placed on a word wall.

#### Section 4: Binomial Probabilities

Words Students Input	Words For Your Word Wall <i>(This is a list of words that students should have prior knowledge of OR they will know by the end of the section)</i>
